PROJECT UPDATE

Westbridge Renewable Energy Corporation (“Westbridge”) is proposing the 300MW Eastervale Solar + Energy Storage Project to be developed under the name Eastervale Solar Inc. The Project is located near Hughenden, Alberta, within the Municipal District of Provost encompassing portions of Sections 25, 35 & 36, Township 39, Range 8 W4M and Sections 2 & 11, Township 40, Range 8 W4M.

Since sharing our last community newsletter in December 2022, we continue to advance the Project design and engineering, grid interconnection, technical studies, and permitting. Westbridge is committed to building trust with local stakeholders and engaging proactively with communities to ensure that their interests are appropriately considered in our project planning and decision-making. We invite you to attend our community open house, where you will have the opportunity to learn more about the project, ask questions and meet our team.
